

# NEBOSH Diploma for Occupational Health and Safety Professionals

# Astutis.

## Introduction

The NEBOSH Diploma for Occupational Health and Safety Professionals is an advanced health and safety qualification. It replaced the NEBOSH Diploma in Occupational Health and Safety in April 2021. The latest course development is designed to develop your competence in all areas of health and safety so you can reduce risk in dangerous environments and keep people safe.

## Who is the course for?

The course is perfect for:

- ▶ Health and Safety Managers, Advisors, or Officers
- ▶ Compliance Managers
- ▶ Training Coordinators
- ▶ Quality, Risk, and Environmental workers
- ▶ Engineers
- ▶ Consultants
- ▶ Directors

## Benefits for Employers

- ▶ Protect people from injury and ill-health in dangerous environments
- ▶ Drive and influence change with a company-wide health and safety strategy
- ▶ Lead a safety-focused workforce
- ▶ Accelerate your career in health and safety - almost 50% of advertised health and safety roles specifically ask for the NEBOSH Diploma.

## Unique to the Astutis Online Delivery

- ▶ **Astutis Tracksmart:** This new tool means learners can create personalised study plans. This includes progress checks to help learners keep on track with their studies and reach the target assessment date.
- ▶ **Discovery Learning:** Throughout the course, learners will encounter tasks that motivate them to research to continue their progress. These activities will help you explore external sources and filter out the relevant information to your organisation.
- ▶ **Astutis Missions:** These interactive gamified video challenges will allow you to apply your learning in various workplace scenarios. This means learners will be well-practised when it comes to using learner knowledge in the workplace.
- ▶ **Forums:** Learners can chat and make friends whilst taking the next step in their career. Learners can share knowledge and ask for advice. This is an incredible tool for study support and networking.

## Course Key Facts

**Duration:** 475 hours of study

### Course Content

- ▶ ND1: Workplace health and safety principles
- ▶ ND2: Controlling workplace health issues
- ▶ ND3: Controlling workplace safety issues
