

# Astutis Connect

Integrate – Scale – Grow

## Deliver Accredited Health, Safety & Environmental Training Directly Through Your Learning Management System

### What is Astutis Connect?

A licensing solution that allows organisations to host accredited Astutis e-learning courses directly within their own Learning Management System - with seamless integration, full compliance, and unlimited learner access without additional license fees.

### Who is Astutis Connect for?

Designed for businesses with large workforces, high-volume training demands, and organisations wanting maximum flexibility with minimum operational friction.

### Company Benefits

Learning should be accessible to every employee, scalable across global teams, and flexible enough to evolve with your organisation.

The Astutis Connect gives you full access to our accredited online training library - delivered directly through your internal LMS. No additional platforms. No learner caps. No friction – making enterprise learning streamlined, scalable and easy to plan.

Content is designed for smooth deployment and seamless integration, enabling rapid rollout across global teams. Courses are continuously maintained in line with leading professional standards and evolving regulatory expectations, helping organisations uphold compliance with confidence. The result: a modern learning solution that fits your systems, supports your culture and grows with your organisation.

## Online Training Benefits

Online learning, or eLearning is an interactive, digital approach to studying. Learners immerse themselves in activities, videos and podcasts as they work through a structured learning plan.

All of our online courses are created to the latest syllabus standards. Built on robust and secure foundations, our award-winning Learning Management Systems (LMS) have been engineered to give you the best automated reporting solutions including learner progress visibility.

Our learning experiences are designed to engage all learners, no matter their access needs, with real-life scenarios, interactivity, humour and storytelling. The study controls live with the learner.

**Online learning offers numerous benefits to employers, including:**

### Cost Efficiency

Reduces expenses associated with travel, accommodation, and physical materials.

### Scalability

Easily scalable to accommodate any number of your employees, regardless of their location.

### Quick Deployment

Training programs can be implemented rapidly, ensuring that your employees can start learning immediately.

### Flexibility and Convenience

Allows your employees to learn at their own pace and on their own schedule.

### Wide Range of Content

Access to a vast array of courses and resources that can be tailored to meet your specific organisational needs.

### Real-time Tracking and Analytics

Provides you with detailed insights into your employee progress, performance, and areas needing improvement, allowing for targeted support.
